

# ShopSphere Subscription Policy

Fictional knowledge-base document created for the ShopSphere AI Data Analyst/RAG academic project. This document is synthetic and should not be treated as a real company policy.

## 1. Overview

ShopSphere offers subscription plans designed for customers with different purchasing needs. Customers may select Basic, Standard, or Premium plans. Each plan may be offered with Monthly, Quarterly, or Annual contract lengths, subject to availability.

## 2. Subscription Plans

Basic is intended for customers with standard shopping needs. Standard provides additional benefits and support options. Premium provides the broadest set of customer benefits and priority support. Benefits may vary by promotion and may be updated by ShopSphere.

## 3. Contract Lengths

Customers may select a Monthly, Quarterly, or Annual contract where offered. The selected contract length determines the billing and cancellation conditions applicable to the customer.

## 4. Upgrades and Downgrades

Customers may request a change to their subscription plan through the account portal or customer support. Changes may take effect immediately or at the next billing cycle depending on the requested change and applicable terms.

## 5. Billing

Subscription charges are billed according to the selected plan and contract length. Customers are responsible for maintaining a valid payment method and reviewing billing information.

## 6. Support

Subscription questions can be submitted through the customer support channel. Premium customers receive priority handling where the service level permits.

## 7. Policy Updates

ShopSphere may update subscription benefits, pricing, or terms. Customers should review the latest version of this policy before making subscription decisions.
